Subject: Western Silver Lead Corporation Information Request

Dear Sirs:

This email is provided in response to your December 5, 2001, information request (received 12/17/01) regarding activities conducted on mining claims located in the Yellow Cat Mining District, Grand County, Utah, and the Big Indian Uranium District, Grand County, Utah. Your letter indicated that Western Silver Lead Corporation had a previous interest in these properties. We have no records listed under that corporate name.

Our agency does not keep records on mining claims per se. However, we do process permit applications from operators proposing to explore or mine on State, Federal and private lands within the state. We have checked our database records for the legal descriptions you provided that are tied to the Juanita, Phoenix and Wilcox unpatented mining claims. To date, no permit applications have been filed with this office to conduct exploration or mining-related operations within the following areas:

Juanita Claims: portions of Sections 14, 22, & 23, T23S, R21E, Grand County, Utah

Phoenix Claims: portions of Sections 20 & 21, T29S, R24E, San Juan County, Utah

Wilcox Claims: portions of Sections 10, 11, 12 & 13, T29S, R24E, San Juan County, Utah

However, our Abandoned Mine Reclamation Program is currently developing a reclamation contract proposal (project #: AMR/019/903) in the Yellow Cat Mining District. One abandoned mine opening has been included for closure which is located in the SE/4, SE/4, SE/4 of section 14, T23S, R21E. All of section 22 and the S/2 of section 23 are located within Arches National Park and are outside of the AMR Yellow Cat Project area. Mr. Anthony Gallegos is the project manager and he can be reached at (801) 538-5267, if you require further information regarding that project.

The Bureau of Land Management also coordinates and tracks mining activities conducted on federal unpatented mining claims and would be another possible source of information to pursue. I would suggest contacting the local BLM offices (Moab - Lynn Jackson, (435) 259-2150 and/or Monticello - Ted McDougal, (435) 587-1512) for more information regarding their records on these mining claims.

Please contact me at (801) 538-5286, or my email address: nrogm.whedberg@state.ut.us, if I can be of further assistance.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program

Wayne - we do not
have a Western
Silver Lead Corp on
file. I also checked
the legals and we have
nothing in those
sections

Joelle

Dear Ms. Wright:

In connection with an audit of our properties, DeCoria, Maichel & Teague PS, with any information we have, or is aware of, and that is available to the public upon request pursuant to 5 U.S.C. 552 (a) (6) (B), relating to the existence of potential environmental liabilities that may be associated with the properties described on exhibits A, of which we had a previous interest. In your response please include regulatory agency investigations or enforcement for violations of state or federal environmental codes, including, but not necessarily limited to: hazardous waste management, contaminated soil and ground water from hazardous substances or petroleum products, underground storage tanks, air, ground or surface water quality, wetlands and similar sensitive natural environments, mining reclamation, abandoned mines, or related environmental risks or liabilities.

The applicable state and federal regulatory codes would relate to, but are not necessarily limited to: Resource Conservation and Recovery Act, Comprehensive Environmental Response, Compensation, and Liability Act, Toxics Substances Control Act, Clean Water Act, and other laws related to environmental and mining operations or reclamation.

Please mail your response directly to:

DeCoria, Maichel & Teague PS
W. 1105 Francis Ave. Suite A
Spokane, WA 99212

You may also e-mail your response to Terra@dm-t.com or fax it to (509) 535-9391.

Please also consider this letter our authorization to provide our auditors with other additional information as they may request. Thank you in advance for your help, your prompt response will avoid the necessity of another request.

Sincerely,

For Western Silver Lead Corp
